RE: **Fire System Test**

***Fire System Testing***

*Saturday, April 11<sup>th</sup>*

The annual fire system confidence testing will begin at 6am on Saturday, April 11th. Evacuation will not be required if you are in the building. Horns and strobes will sound intermittently, and testing of other systems will be occurring as well. If you plan to be in the building during these hours, you are encouraged to bring a set of ear plugs.

Testing should be completed by 2pm. Any fire alarm associated sounds after 2pm should be treated as a real incident and evacuation should occur.

If you have any questions or concerns, please contact your agency representative at the following address:
